

Thank a Harrell's Truck Driver National Truck Driver Appreciation Week

During the week of September 11th – 17th, America celebrates National Truck Driver Appreciation Week. We set this time aside to champion the tireless hard work and devotion of our nation's more than 3.4 million professional truck drivers. Last year alone, these faithful men and women drove close to 421 billion miles delivering 10.49 billion tons of freight to our homes, businesses, and tables. Trucks move over 70% of our nation's freight. Professional drivers continue to make our highways safer through their expertise and compliance with continually stringent safety regulations. 24 hours a day, 365 days a year they climb into their trucks to make certain we have everything we need, when we need it, often at the expense of time with their families. Harrell's would not be as successful as it continues to be without the dedication of our drivers: the best professional drivers in the industry. No matter where you are, please take the time to recognize and thank the gentlemen listed below for their continued commitment to safety, customer service, and delivering Harrell's to America.

| NAME | LOCATION | NAME | LOCATION |
